

## OUR COMMITMENT

As members of the great human family and of the world, at a time when we need each other, Pope Francis invites us to relate to all people as brothers and sisters and as friends.

As citizens, we recognize that the small actions we carry out in our local environment affect the whole world and can transform it into a better one .

As part of the Teresian Family of Henry de Osso, we recognize that education humanizes us. For this reason we want to collaborate, with our work and study, to make the world a friendlier and more livable place for everyone.

### **AS MEMBERS OF THE TERESIAN FAMILY WE COMMIT OURSELVES TO:**

Assume the values of the Global Compact on Education and put them into practice in our daily lives:

- Get to know the realities of our mother Earth and of humanity that have led to the need for this pact
- Put actions into practice that help us to live in a simple, conscious, and responsible way.
- Promote friendship and reject anything that separates us from others .

Dream of a different world:

- As children and young people work so that our ideas to make a better world are heard.
- Prepare ourselves to put our talents at the service of others and to take care of the Earth as our common home.
- Be welcoming by opening ourselves up to the weak, poor and marginalized.
- Commit ourselves to the values of a Teresian education.

Network with other people. Learn to cooperate, dialogue and participate. Publicize the Global Compact on Education.

- Cooperate and collaborate with other members of the Teresian family throughout the world in projects that promote the common good, justice and peace.
- Put into practice ways of relating that are based on forgiveness, love and the acceptance of diversity in order to build a better world and a better Church.
